## Settlement Reached In Strike

Secretary Of Labor Davis Announces Agreement Has Been Reached With Many Railroads

(By Associated Press)

Washington, Sept. 13.—Bulletin—Virtual settlement of the rail strike affecting 35 or 40 per cent of the railroads of the country was announced late today by Secretary of Labor Davis on the basis of reports from the meeting in Chicago of the General Policy Committee of the striking shop craft union.

Davis added he was informed the settlement will affect between 65,000 and 85,000 miles of track and in a formal statement declared that "with the settlement of the strike 400,000 railway shop craftsmen are assured that the whole industrial machinery of the country is ready for a forward movement, unprecedented in our economic history."

Other labor department officials said they understood a total of 52 roads are affected by the settlement. The basis of the settlement, it is understood here, follows the lines of the tentative agreement recently worked out by B. M. Jewell, leader of the strikers, and Daniel Willard president of the B. and O.

## ALL EMBARGOES LIFTED ON L. & N.

Cincinnati, Ohio, Sept. 13.—All embargoes on south-bound freight have been lifted on the Louisville and Nashville railroad, it was announced here tonight by Brent Arnold, general freight agent. The order which accompanied the announcement stated that hereafter south-bound freight to points on the road would be accepted and that freight to points beyond the southern terminus would be accepted providing the connecting lines would accept it. Heretofore, no freight for points south of Louisville had been accepted by permit, and only priority shipments were received for Louisville.

## 20,000 AFFIDAVITS OF RAIL VIOLENCE

(By Associated Press)

Chicago, Sept. 13.—Efforts of attorneys for the striking shop craft leaders to forestall the reading of additional hundreds of the 20,000 affidavits of violence produced by the government in support of its injunction bill failed again today. The government rejected all overtures for speeding up the case by eliminating or classifying the affidavits and Judge Wilkerson sustained the prosecution's right to the broadest latitude in its effort to show by a chain of nationwide outbreaks what it claimed was a concerted conspiracy to destroy interstate traffic by intimidation of railway employees.

## WIFE BEATER IS FOUND GUILTY

Cecil Hill, of Silver Creek, was fined \$50 and given 10 days in jail by Judge Goodloe in county court here Tuesday morning for an alleged attack upon his wife. She testified that he blacked her eye and hurt her about the back and head when he attacked her. Mrs. Hill stated that her husband would not get up and was allowing her six-year-old son to make the fire when she stopped him and was intending to send him to her father's home when Hill interfered. After exchanging words in a hot conversation the fight followed, both testified. Marion Kuykendall was tried Tuesday afternoon for insanity and sent to the asylum in Lexington. Judge Goodloe has a heavy docket at the Friday session of county court.

## Barn Burns At Orlando

P. P. Singletons' barn near Orlando, Rockcastle county, burned last week. It was thought to have been the work of an incendiary and bloodhounds were secured from Hustonville and Judge Bowman and other county officials attempted with the aid of the hounds, to run down the guilty party or parties. The hounds took up the trail just back of the barn and led to a residence, but no arrests were made.

## MURDER TRIAL IS ON AT WINCHESTER

Winchester, Ky., Sept. 13.—Evidence in the second trial of the three Shoemaker brothers, charged with the murder of their father, John Shoemaker, Sr., will be heard in circuit court Wednesday.

John Shoemaker, Jr., has been in jail since August 9, 1921, the day after his father's body was found at his home in this county, and his twin brothers, Herbert and Hubert, charged with complicity, having been out on bond. At the first trial when the jury failed to agree, John Shoemaker pleaded self defense, although he and his brothers when arrested, at first denied all knowledge of the crime.

The second trial of William Lewis, charged with the murder of Miss Maude Wilson in Bell county, will be held at the conclusion of the Shoemaker case.

The Renaker case will not come before the grand jury until Thursday, it is understood, as several whiskey cases will be taken up first.

## STILL PREDICTING STRIKE DECISION

(By Associated Press)

Chicago, Sept. 13.—Decision on settlement of the railroad shopmen's strike is again predicted as a possibility late in the afternoon as the policy committee of the federated shop crafts went into session. It is virtually the same prediction made yesterday.

## Consider Separate Settlements

(By Associated Press)

Washington, Sept. 13.—Confidence was expressed here today by those in touch with the rail strike situation that action soon will be taken in Chicago which will go far toward ending the strike. It is learned the union's policy committee is considering separate settlements with about 50 railroads, some of them large systems.

## TOWNSEND AND LODGE BOTH WIN

(By Associated Press)

Detroit, Mich., Sept. 13.—Senator Charles Townsend's lead over Herbert Baker for the republican senatorial nomination was increased to more than 24,000 on the face of additional returns in yesterday's state wide primary.

## Lodge Easy Winner

(By Associated Press)

Boston, Sept. 13.—Senator Lodge today was leading Joseph Walker three to one for the republican senatorial nomination in yesterday's primary.

## Poindexter Wins, Too

(By Associated Press)

Seattle, Wash., Sept. 13.—Senator Miles Poindexter, candidate to succeed himself, maintained a lead of 12,000 over George Lamington, for United States Senator in yesterday's primary. About half the precincts are reported.

## Mrs. Harding Improving

(By Associated Press)

Washington, Sept. 13.—The general appearance of Mrs. Harding's condition indicates improvement as rapidly as can be expected. The bulletin issued today says she slept comfortably and her swelling is slowly subsiding.

## FORMER LAND CLERK HELD FOR FORGERY

Old Land Titles At Frankfort Alleged To Have Been Forged By Two Men

Frankfort, Ky., Sept. 13.—J. G. Webb, jeweler, of Corbin, Ky., and G. J. Jarvis, of Frankfort, formerly a clerk in the land record office of the auditor of public accounts, Tuesday were indicted by the Franklin county grand jury on charges of forging land records. The alleged forgeries involve 9,000 acres of land in what is known as "treaty of Tellico lands" in northern Tennessee, valued at approximately \$225,000.

Webb and Jarvis were jointly indicted on three charges of forging three land patents purporting to have been issued by Governor Joseph Desha in 1828 and signed by J. C. Pickett, secretary of state under Governor Desha. Webb was indicted on two other charges of forgery and knowingly obtaining the signature of the assistant state auditor to forged documents.

Jarvis surrendered to Franklin county officers several weeks ago it became known today and was released on bond. Webb has not been apprehended, officials saying they understand he has been in Florida part of the time and in Corbin part of the time. Bail for both men was fixed at \$10,000 for each indictment, making the total for Jarvis \$3,000 and for Webb \$5,000.

Jarvis said that he had gone before the grand jury and told all he knew about the case. Beyond this he refused to comment at this time, issuing the following prepared statement:

"All I can say at this time is that I have made a mistake. As soon as I learned that this matter was to be aired in court, I left Harlan, where I was working on a newspaper, and surrendered myself to the authorities. All I ask is that the public does not judge me too harshly until all of the facts are brought out at the trial."

Jarvis was in charge of the land office under State Auditor Craig for approximately a year. Four months ago, he left the office to take a place on the Harlan Enterprise, a weekly newspaper at Harlan, owned by J. M. Alverson. He returned to this place about a month ago. Neglect of small details was responsible for the discovery of the forgeries, it was learned today after the grand jury report. Among these was the fact that one of the fraudulent patents was for 6,000 acres of land, another for 2,500 and the other for 500 acres when the law under which the Tellico grants were made limited the filings to not less than 100 acres and not more than 200 acres of land.

## MRS. ANNIE MOORE LOSES BROTHER

Lewis Thurman, 69 years old, died at the home of his son, Gordon Thurman, in Lexington, Monday. Mr. Thurman had suffered from heart trouble for some time and death came suddenly. Mr. Thurman is survived by three sons, Gordon O. and B. E. Thurman, of Lexington, and Thomas R. Thurman, of White Plains, N. Y., a sister, Mrs. Annie Moore, of Richmond, Ky., a brother, P. W. Thurman, of Fayette county, and four grandchildren. Funeral services were held at the residence Wednesday afternoon at 2 o'clock. Rev. T. H. Alderson, of the Maxwell Christian Church, officiating.

## YOUNGSTER WON DUEL BUT LOST SWEETHEART

(By Associated Press)

Huntington, W. Va., Sept. 13.—Chester Linkfield, 15, who is serving a term in the state reformatory for shooting Asa Carpenter, also 15, in a duel for the affection of Ernestine Burnette, 12, the belle of the community, last Halloween today learned that although he won the duel that although he won the duel he lost the girl. She was married to Carpenter in Catlettsburg, Ky.

## LIVE STOCK MEN PROTEST R. R. RATES

Louisville, Ky., Sept. 13.—Many prominent livestock dealers and shippers attended a conference of the representatives of the Farm Bureau Federation at the Hotel Henry Watterson to complete plans for a hearing on the recent livestock freight increase asked by southeastern railroads.

For the next three weeks daily meetings will be held in the federal building. Bronson Jewell, examiner for the Interstate Commerce Commission, will preside. The hearing was first planned for July but the railroads protested that the time was too short for them to prepare their case.

Geoffrey Morgan, secretary of the Kentucky Farm Bureau Federation, said the proposed increased freight rates would cost Louisville livestock dealers more than \$500,000.

Other members of the Federation said Southern rates are higher than rates in other parts of the country and that the livestock dealer here is placed under a handicap which prevents him from competing with northern dealers.

## M'DOUGLE PLEASERS TEACHERS IN OHIO

Papers received here from Hillsboro, Ohio, speak very highly of the work done in the Hillsboro County Teachers' Institute by Dr. E. C. McDougale, who was the principal speaker before the teachers there recently. Epitomes of some of his addresses were published in the local papers.

On Tuesday he delivered the address to the graduates of the eighth grade of the rural and village schools, the class being composed of 271 boys and girls, and the audience at the opera house numbering more than a thousand people. In speaking of the exercises the Hillsboro Gazette had the following paragraph:

"Dr. E. C. McDougale gave the address to the class, using 'Braids' as a topic. A country boy himself, born in Ohio, and a pupil of the rural schools, he is an example of what personal effort can do when rightly directed in the first years by wise parents. No man in the public school galaxy of great teachers ranks higher than Dr. McDougale and it was most fitting that he should be the speaker of the day."

## WOMEN WHIP A WOMAN IN TEXAS

(By Associated Press)

Fort Worth, Tex., Sept. 13.—Mrs. I. C. Tatum, who was decaying from her home near here last night was given a hundred lashes by four women. The whipping was given by a committee of four of the Ladies of the Invisible Eye, said a communication addressed to newspapers, which stated the whipping was administered for the alleged ruining of her daughter, Naomi, 14.

Mrs. Tatum is in a serious condition.

## MRS. DAVIS WINS CASE AGAINST COLVIN

(By Associated Press)

Frankfort, Ky., Sept. 13.—State Superintendent George Colvin today was blocked in his attempt to oust Mrs. Alice Davis as county superintendent of Rockcastle county. Judge Hurst in circuit court here today issued a permanent injunction against the steps taken by the superintendent.

## Auto Accident In Rockcastle

The Mt. Vernon Signal says that what might have been a serious accident occurred on the Dixie Highway just north of Burr-Fred Doan and three other young men in a car just purchased by Mr. Doan went over the embankment. Mr. Doan had several ribs broken and the others were bruised considerably. The car was badly damaged.

## OCTOBER 12 IS DATE SET FOR TOURNAMENT

Gentlemen Members Of Local Golf Club To Compete In Annual Tournament

What promises to be a very interesting event in local golfing circles is the announcement from the Tournament Committee appointed by President Deatherage, that the first annual tournament for gentlemen players that is to be held on Thursday, October 12. Beginning Wednesday the local players have been asked to keep a score card of every nine holes they play and at the conclusion of the day's play to turn in the score card to the Caddy Master. On October 12th the average of every player will be taken who has participated in at least five nine hole rounds and he will be given a handicap of his average score. Pairings then will be made by drawing and the elimination will then start on October 12th. As a trophy the club will give to the player who is successful in winning the tournament one leg on a silver trophy which has to be won three times before definite ownership can be claimed.

Every gentleman member of the Richmond Club is expected to participate in this tournament as the handicap will give every player an equal chance to win this coveted prize and the utmost co-operation will be asked from every member to make the first local tournament a decided success.

Special entertainment will be provided by the committee on entertainments on the days of the tournament and this will prove one of the big social events of the year. Let's everyone get busy and shoot the nine holes at a clip that will bring about keen competition.

Chairman Deatherage has appointed Preston Smith Chairman of this Tournament Committee and any future information regarding the tournament can be secured from him.

## NO GRADUATES CAN PLAY AT MADISON

There has been some agitation of the question of post graduates playing on the Madison High School football team. This article is for the purpose of definitely announcing that no post graduates will be received as students and, of course, it follows that no post graduate will be allowed to play on any of the athletic teams representing the high school. This city does not maintain a school system that provides for more than twelve grades. When students graduate they have completed all the work that the school system is organized to give. No classes are organized to accommodate post graduates. The high school teachers will be taxed to take care of the undergraduates. The teaching force is not available to provide classes for post graduates. Besides, it is not desirable to do so. The high school does not solicit nor desire the attendance of any students who have received their diplomas. It would not have a wholesome effect upon undergraduates to have a number of students in the school who have already completed the course and who are merely attending for the purpose of participating in athletics. Such a policy would demoralize inter-scholastic athletics and have an enervating effect upon the undergraduate student body. The rules of the Kentucky High School Athletic Association expressly forbid any such arrangements, and it is herein definitely announced that no such action will be considered by the Richmond city schools.

J. H. PAYNE, Supt.

Town lots and improvements in Bath county were valued at \$796,487 in 1921. Of this \$598,281 was the value of improvements.

## POLICE STOP GAMES AT STATE FAIR

(By Associated Press)

Louisville, Ky., Sept. 13.—Police today declared that wheels of chance should not operate at the State Fair. The concessionaires said they would sell sausages and other small wares for a nominal sum and give away chances, thus hoping to evade the police order.

## FORD TAKES HOT & SHOT AT I. C. C.

(By Associated Press)

Detroit, Sept. 13.—Henry Ford, in a statement here today, charged the Interstate Commerce Commission through its control of empty cars is "playing into the hands of coal profiteers under the guise of regulations for the public good."

## Royal Lancer Wins St. Leger

(By Associated Press)

Doncaster, Eng., Sept. 13.—Lord Lindsay's Royal Lancer won the St. Leger stakes here today over a field of 24. The winner paid 33 to 1.

## BLUE LICK BEATEN IN TEN INNINGS

Richmond revenged her early baseball defeats at the hands of the Blue Lick Hustlers when she defeated them in a thrilling ten inning game at Johnson Park Sunday by a score of 6 to 5. Charley Rogers, manager and star twirler for Richmond, pitched his first game since Labor Day. His arm was slightly sore from working two consecutive days then but seemed to be all right Sunday. In the early rounds it gave Rogers some trouble but he improved as he went along and breezed thru the last few innings in big league style. He allowed only six hits, the scorers for each team agreed upon this, but not so for the number of Richmond bingles. Blue Lick gives Richmond only four hits, while the locals claim ten clean b'ows. Bowman twirled for the Blue Lick team.

Richmond took the lead in the first round when they scored twice. They increased their total to three in the second, but were passed by the Hustlers in the third when they ran in four. Two more in the fourth put the locals one to the good but Blue Lick tied it up in their half of the same round. Then Rogers settled down and held the Hustlers to nothing in each of the next six rounds. After standing for the same sort of treatment for five rounds, Richmond got busy and won out in the tenth. Manager Harris, of the Blue Lick team, says that V. Ritter, first Richmond man up in the tenth, struck at a ball which hit him and that the umpire instead of calling the ball a strike gave him first. After two men had failed Fanning worked Bowman for a walk which placed Ritter on second. Then R. Peyton clouted clean single to right which won the game. The Richmond lineup is as follows: Reeves, catcher; C. Rogers, pitcher; S. Rogers, 1b; Jett, 2b; V. Ritter, ss; R. Peyton, 3b; D. Peyton, lf; R. Rogers, cf; 2b; J. Ritter, cf, and Fanning rf. The score:

Richmond ..... 210 200 00 1-6  
Blue Lick ..... 004 100 000 0-5  
Batteries: C. Rogers and Reeves; Bowman and Harrison.

DON'T forget the sale of Dr. C. S. Holton's household furniture Thursday at 2 o'clock.

## PARKING LINES ON STREET TO BE ASKED

Of City Officials As One As The First Steps In Rotary's Safety Campaign

One of the first steps in the Public Safety Campaign which is to be put on next week by the Rotary Club of Richmond will be to urge upon the local authorities the establishment of parking lines for the improvement of parking conditions in the crowded districts of the city. The committee handling this phase of the work will ask that heavy white lines be painted in the center of Main street, east and west, indicating the exact space in which automobiles must be parked. This will make impossible the present irregular and dangerous method of using the major portion of the street for parking purposes and will greatly increase the driving space.

Recently some very serious accidents have been avoided and at least one has happened as a result of automobile owners being careless about getting their cars in the center of the street. This is but one valuable item in the campaign which is to be undertaken by the Rotary Club and it is believed that the local authorities will be glad to co-operate in every way.

The Rotary Club committee in charge of the Public Safety Campaign is made up of Z. T. Rice, Edward Stockton, D. Willis Kennedy, W. S. Broadus, William Evans.

## PLANS AT NORMAL FOR SCHOOL OPENING

The Model School on the campus will open at 9 o'clock September 26. All children who have been accepted should be on hand promptly. The teachers in charge will be: Miss Hansen, first and second grade; Miss Wingo, third and fourth grades; Mrs. Tyng, fifth and sixth grades, and a newly employed teacher, Miss Edith LeVake, of Eau Claire, Wisconsin, in the seventh and eighth grades. The seventh and eighth grades will be taught on the departmental plan and a number of the regular Normal teachers will assist.

In order to accommodate the City High School, the entire Rural School building, during the first semester, has been given to the city. Miss Noland, who has had charge of the Rural School, will teach at Kavanough during the first semester and the Normal students will be transported to and from that school for observation purposes. The purpose is to make the Kavanough school as nearly an ideal school as it can be done. During the second semester, the rural proposition will be handled in another way.

The children, who have been in the Rural School and who do not live in the city nor in the Kavanough district, will be accommodated on the campus during the first semester. Those who live in the Kavanough District will attend that school, while the children of the City School, who have been in the Rural School, will attend the City School, to which they are entitled.

The Louisville, Henderson & St. Louis Railroad Company's Blue Lick branch in Kentucky was valued at \$474,300 for taxation purposes in 1921. Of this \$2,131,391 was the tangible or plant value and the remainder the franchise value.

### Scott's Jailer Dismissed

Frankfort, Ky., Sept. 13.—Sam Moss, jailer of Scott county, late Monday was removed from office by Governor Morrow. He was charged with "having knowingly and wilfully delivered Jack Eaton into the hands of a mob" at Georgetown on the night of August 29. Eaton, a showman, was painfully whipped and cuts made by the lash filled with turpentine by a mob which seized him at the door of the Scott county jail after he had been released when parents of some little girls refused to push a charge of assault lodged against him.

## BANKS ASSESSED AT 85 PER CENT

The Lawrenceburg News has this of interest to all taxpayers: The Lawrenceburg National and Anderson National banks won their suit in the Anderson quarterly court, in which the county board of supervisors was made a defendant. As a result of Judge Powell Taylor's decision these banking institutions will be assessed eighty five per cent of their value instead of one hundred per cent, as they were formerly rated in compliance with the instructions of the State Tax Commission. It developed in the testimony that the county board of supervisors in compliance with peremptory instructions from the State Tax Commission had assessed real estate at 65 per cent its fair valuation and that personal property was assessed at 70 per cent. Attorney F. R. Feland, one of the counsel for the banks in the case, predicted that the decision rendered by Judge Taylor would have a far reaching effect, since all banking institutions in Kentucky would be affected.

## \$10,025 SOLD IN U. S. CERTIFICATES

As an indication that the government savings plan has taken a very strong hold on the people of Richmond, Ky. Postmaster R. R. Burnam, Jr., announced today that during the month of August the sale of treasury saving certificates amounted to \$10,025.

"More and more people are becoming regular investors in Treasury Saving Certificates, due to the fact that they are absolutely safe, pay a liberal rate of interest, have a certain value at all times and can be redeemed at any time prior to maturity," Postmaster Burnam stated. He also called attention to the fact that these certificates, if held five years, increase 25 per cent in value over their cost price. They can be secured through the local post office in denominations of \$1,000, \$100, and \$25 at cost prices of \$800 80, and \$20 each, respectively.

## HEARD ABOUT TOWN

The Winchester Sun says that operators returning from the Upper Kentucky districts of Lee, Estill, Wolfe and Powell state that fully half the rigs in those fields are idle. Owners of producing leases are reported to be storing oil as much as possible and making little effort to increase production. The Big Sinking pools in Lee county are the principal sources of production in the upper section of Kentucky, but in absence of new wells the output has been declining. An occasional strike is being made in the old fields of Estill county while now and then a pumper is drilled in Powell. The Indian Refining Company last month handled a total of nearly 70,000 barrels from the Lee-Estill-Powell District.

The Danville Advocate says: Barbourville and Middlesboro each have golf courses. The latter is one of the best in the state. Senator White Moss, who was in Danville this morning, stated that just as soon as the roads are completed between these points and Danville, and they are all under construction, that members of those clubs will come down and play some games with the Danville players.

#### BEND

The past week has been hot and dry. Some corn put in the shock, Tobacco is nearly all in the barns, curing nicely. A great deal of rye has been bought thru the Farm Bureau.

Mrs. Minnie Crouch, of Irvine, visited her brother, Jess Dennis, Sunday.

We are bound to have a pike. Scarcely a day passes but an auto coming in the Bend calls for better roads.

Miss Lula Walters will enter Waco High School for the coming term.

Dick Walters declares he has the best corn crop he ever raised. Levi Richardson has just completed a five acre tobacco barn. He has it nearly full and is thru housing.

Miss Ada Smyth attended the teachers' meeting Saturday at Richmond.

A very funny thing happened the other night to one of our near neighbors who has not been married a great while. He and his wife retired early and were soon asleep. Sometime during the night the man, while asleep, got up and turned around, putting his head down to his wife's feet, embracing her feet in his arms and kissing her foot. The wife awoke and called to him to let her feet go and get back to his proper place. He replied "Hold on honey, dear, and let me have another kiss." The gentleman says this is a fact and it took him some little time to realize the position he was in.

### NERVOUS AND HALF-SICK WOMEN

These Letters Recommending Lydia E. Pinkham's Vegetable Compound Will Interest You

For Your Own Good Please Read Them

Youngstown, Ohio.—"Last fall I began to feel mean and my back hurt me and I could hardly do my little bit of housework. I was played out when I would just sweep one room and would have to rest. I would have to put a cushion behind me when I would sit down and at night I could not sleep unless I had something under my back. I had awful cramps every month and was just nearly all in. Finally my husband said to me one day, 'Why don't you try Lydia E. Pinkham's medicine?' and I said, 'I am willing to take anything if I could get well again.' So I took one bottle and a second one and felt better and the neighbors asked me what I was doing and said, 'Surely it must be doing you good all right.' I have just finished my eighth bottle and I cannot express to you how I feel, the way I would like to. If you can use this letter you are welcome to it and if any woman does not believe what I have written to be true, she can write to me and I will describe my condition to her as I have to you."—Mrs. ELMER HESLEY, 141 S. Jackson St., Youngstown, Ohio.

"I was very nervous and run-down," writes Mrs. L. E. Wiese of 706 Louise St., New Orleans, La. "I

would often sit down and cry, and was always blue and had no ambition. I was this way for over a year and had allowed myself to get into quite a serious condition. One day I saw your advertisement in the daily paper and began to take Lydia E. Pinkham's Vegetable Compound at once. I have improved ever since taking the third bottle and find it is the best medicine I have ever taken."

#### Benefited by First Bottle

"I was completely run down and not able to do my housework. I just dragged myself around and did not have energy to get up when once I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in our paper 'The Indiana Daily Times,' and learned all about it. I received results from the very first bottle and now I am doing all my own work, even washing and ironing, and I never felt better in my life. I tell all my friends it is due to you."—Mrs. ELIZABETH REINHOLD, 403 N. Pine St., Indianapolis, Indiana.

You should pay heed to the experiences of these women. They know how they felt before taking the Vegetable Compound, and afterwards, too. Their words are true.

### COMBS GETS FIVE BINGLES SUNDAY

Five more hits have been added to the record of Earl Combs. In the double header which Louisville divided with Toledo Tuesday the local star drove out five bingles in eight times at bat. In the first game he made three of the eight safe blows in the Colonels' total. Combs weighed in with two hits in the second game while the whole team made only six. One hit was a triple. He did not make a bobble in the field. Ed Holley, a recruit from Madisonville, of the Kitty league, pitched the Colonels to their victory. He has been farmed out to Madisonville and was a teammate of Sam Reid while that youngster was with Madisonville. Holley showed good form and is expected to be a regular with the Colonels next season.

**Woman Rides In Big Stake**  
Emily McCready, owned by Mrs. Gertrude B. Hardt, of Chicago, won the saddle mare division of the \$10,000 saddle stake at the state fair at Louisville Tuesday night. ### HEARD ABOUT TOWN

The bite of a spider on the hand is responsible for blood poisoning seriously affecting Mrs. George Bonta, of Harrodsburg. The infected member has been lanced three times without affording substantial relief.

One hundred and fifty-eight acres of land belonging to the Showalter heirs in Scott county, which was sold at public auction was bought by George W. Murphy at \$131 per acre. This farm is located on the Payne Depot pike, about three miles from Georgetown. Thirty-nine acres located on the Iron Works pike, adjoining the Ingram farm, was bought by Mr. Ingram at \$160 an acre.

Lister Thomas, of Alton, noted breeder of Poland China hogs, lost a splendid registered boar which weighed 950 pounds and valued at \$500, at the Lawrenceburg fair, the giant hog dying from the excessive heat shortly after being unloaded at the fair grounds. Mr. Thomas said the big boar became angered when he was being loaded on the truck to transport him to Lawrenceburg. The extreme exercise is believed to have overheated the hog causing his death.—Anderson News.

**119 ACRE FARM**  
**Near Union City, Kentucky**

This farm contains 119 acres, 6 miles from Richmond, 1-2 mile from Union City, on the College Hill Road. The improvements consist of 5 room house, 1 stock barn, 1 tobacco barn, all necessary outbuildings, 2 acre orchard (a good one), 2 wells, 3 springs, 2 ponds; fencing good.

This farm is gently rolling and plenty of good corn and tobacco land available for cultivation. This year's crops will speak for the quality of the land.

Look at this farm and take everything into consideration; and last but not least, the location in 1-2 mile of Union City, a thriving little town with stores, churches, garage, and one of the best High Schools in Madison county. It is seldom one has the opportunity to purchase such a farm and location at his own price.

At the same time and place will sell the following

## Railroads Are Not Always At Fault When Trains Are Late

Under normal conditions there are many things that make trains late; unavoidable happenings because they cannot be foreseen and because they happen in combinations of circumstances over which nobody could have control. In nearly every instance, late trains are caused through no fault of the operating railroad, and as a matter of information a few of the main reasons for train delays are given below:

### Waiting on Connections

Under mutual agreement and for the special benefit of through and trans-continental passengers, railroads hold many of their through-trains, either at the starting point or at intermediate connection stations for 30 minutes or longer. All such delays, combined, benefit the public but upset time tables and play havoc with running schedules.

### Delays in Handling Mail

Government regulations require that transfer mail must always be taken if the wagon or truck is in the station before the train has actually started to pull out. It often happens that a train is ready to leave on schedule time when the transfer arrives, but must wait

until the mail is handled. In the long run, these wasted minutes, unavoidable on the part of the railroad, aggregate a serious loss of time.

### Equipment Troubles

In spite of the fact that every railroad engine and car are given careful inspection upon arrival in a roundhouse or terminal, and again upon departure, unavoidable mechanical difficulties will naturally arise. Most equipment troubles which cause delay are due to some slight imperfection or breakage in the engine. It is just as impossible to prevent these engine troubles as it is to foresee and forestall machinery breakdowns in the average manufacturing plant.

### Weather Conditions

Snow, sleet, blizzards, fogs, floods, etc., causing blockades, landslides, washouts and congestions are responsible for many delays. These happenings on any part of the line, of course, affect the entire line by deranging schedules, which must be adjusted promptly even under great difficulties. Safety is always the first consideration.

The L. & N. Railroad, operating service from the frozen North to the semi-tropical South, inevitably encounters a great many difficulties developed by adverse weather conditions. No railroad is more watchful of its equipment or more efficient in overcoming these troubles than the L. & N., the management frequently being able to anticipate these conditions and to take effective trouble-prevention measures.
